VOICE MAIL TECHNICAL TRAINING VIA THE INTERNET!

Volare™ Distance Learning

Get your NEC IntraMail technical training via the Internet in the comfort of your office or home with Volare™! If you have a multimedia PC with access to the Internet you may qualify for admittance to Distance Learning classes.

Schedule:

One two hour training session with an additional hour for Q & A on December 2, 3, 4, 12:00pm-3:00pm Eastern Standard Time.

Course Description:

IntraMail installation, programming, and troubleshooting. Visual and voice presentations are delivered to mirror a live classroom environment. Voice Mail features such as Recording Multiple Greetings, Message Notification, Answer Schedule Tables and much more will be highlighted!

Materials:

NEC manuals and course materials provided for course
Electronic documentation available.

Price:

Only \$99.00 per student.

Please contact Michele Onidi, UBSD Training Coordinator at 203-926-5460 for more details!
